12.1.10 dialer idle-timeout

The diagram illustrates the relationship between dialer idle-timeout and seconds. It is divided into two main sections: "dialer idle-timeout seconds" and "no dialer idle-timeout".

- dialer idle-timeout seconds:** This section shows a sequence of events. It starts with a vertical line labeled "dialer idle-timeout", followed by a horizontal line labeled "seconds", and then another vertical line labeled "dialer idle-timeout".
- no dialer idle-timeout:** This section shows a sequence of events. It starts with a vertical line labeled "dialer idle-timeout", followed by a horizontal line labeled "seconds", and then another vertical line labeled "dialer idle-timeout".

The diagram is labeled with "dialer idle-timeout" and "seconds".
